The Boston Journal is responsible for the following: "Assistant District-attorney W. T. Jerome of New York, while fishing in Lake Champlain, caught a muscalonge longer than his boat, whose side the brute split with a flap of his tail. Before the boat sank Mr. Jerome inserted the gaff in the creature's gills. This instrument the fish promptly swallowed, handle and all, and when the jaws came together two of Mr. Jerome's fingers were between them. The fish held on to Mr. Jerome and Mr. Jerome held on to the fish. Thus the former was taken prisoner and the latter rescued from a watery grave."

## Vermont Markets.

BUBLINGTON

At the Vermont Board of Trade a large amount of creamery butter and a fair amount of dairy butter was offered. The market was slow. Three thousand pounds, in tenpound boxes, were sold at 181c, and 500 pounds at 18c. Of cheese, 800 boxes were sold at 8c, which was the ruling price. Four hundred boxes were left for future decision.

### Remarks.

FLOUR.—The market is quiet and dealers are purchasing in a hand-to-mouth manner. Little change in quotations.

Ecos.—There is an improved demand, lighter receipts, and, consequently, higher prices. Especially is this true of Eastern

Conn.—Market quiet and prices nominal. The crop will be large, but supplies are rather light, owing to a fight among West-

BEANS .- Prices have so slightly changed that we do not change quotations. Pea beans are a little lower, and yellow eyes a little higher.

CHERSE.—Little improvement in trade over last week. There is a moderately good demand. The foreign market is firmer, and consequently prices have stiffened up a little.

BUTTER.—The market is, as reported last week, in a demoralized condition. It is glutted, and much stock is suffering from the weather. We make no change in quo-tations, but they must be regarded as top prices, which are seldom obtained.

Oars.—Aithough we quote no higher prices, the stock of old cats is nearly exhausted and the market is very firm. New oats are coming in and are now selling well, but, as the new crop will be the largest in the history of the country, prices must soon rule low.

Wool.-The failure of several wool-dealwood.—The initure of several wood-dealing firms has tended to unsettle the market. There has been a decline of from one to two cents per pound, and manufacturers are buying only to supply their immediate wants. This state of things is not likely to be permanent, and prices will improve "when the clouds roll by."

"when the clouds roll by."

CATILE, ETC.—The demand for beef cattle has been light, though prices for western were higher than for some weeks past. Extra milet cows are in demand. The calls for working oxen are few. Veals are in moderate supply. Swine market slow. There is a large supply of poultry on the market and prices are much lower.

I can cheerfully recommend Ely's Cream Balm to the suffering public for hay fever and stoppage of the masal passages. I have tried it and find it gives immediate relief. – J. E. Rector, Little Rock, Ark.

The engineer of the Wakefield, Mass., Rattan Works, C. N. Young, says: "In all cases of biliousness, accompanied with those terrible sick headaches, I have found no other medicine that seems to take hold and do the good work that your Sulphur Bitters do. It is the best family medicine made."

No medicine in the world is in better repute or more widely known than Ayer's Sarsaparilla. As a safe and certain remedy for all manner of blood disorders, leading physicians and druggists everywhere recommend it in preference to any other.

When the Baby was sick we gave her Castoria, When she was a Child she cried for Castoria. When she became Miss she clung to Castoria When she had Children she gave them Castoria.

HAY FEVER.—I have been a periodical sufferer from hay fever since the summer of 1879, and until I used Ely's Cream Balin was never able to find relief. I can truthfully say that Cream Balin cured me. I regard it as of great value and would not be without it during the hay fever season.—

ALL Broken Down,—"Is it not sad to see so many young men every day of whom this can be said? Young man, take my advice. Stop all indiscretions which you have practiced, keep good hours, retire early and build up your shattered system by using Sulphur Bitters, which will cure you."—Old Physician.

Brautiful Homes for Peofle of Small, Means.—If you have but a little money, and wish to place it where you can be paying for a home, where there is fertile soil, low taxes, school-houses, and railroad market almost at your door, and good society, write L. L. Goddard, Watertown, Dakota. Success here is no longer an experiment but an assured fact. Dakota farms are advancing in price.

## Was He Murdered?

Was He Murdered?

Is a question often asked when a person is found dead that had previously enjoyed good health. The verdict often is "Apoplexy or heart disease." Samuel Carvitt of Fairbanks, Maine, says: "Last August I was taken with the palpitation of the heart; I could not lie in bed; had to sleep in rocking-chair; I procured a bottle of Anti-Apoplectine; it relieved me at once so I could lie down and have a good night's rest, and have ever since."

## Advice to Mothers.

Mrs. Winslow's Soothing Syrup, for children teething, is the prescription of one of the best female nurses and physicians in the United States, and has been used for forty years with never-failing success by millions of mothers for their children. During the process of teething its value is incalculable. It relieves the child from

pain, cures dysentery and diarrhoea, griping in the bowels and wind-colic. By giving health to the child it rests the mother. Price twenty-five cents a bottle.

I HAVE used S. S. S. for debility resulting from chills and fever, and have found it to be the best tonic and appetizer that I ever took. It also prevented the return of the chills.—A. J. Anylin, Eureka Springs, Ark.

DICK HORNBOOKER is a respected and well-to-do colored citizen of Springfield, Mo. He says that one bottle of Swift's Spe-cific cured both himself and wife of a troublesome eruption of the skin.

Mr. W. C. White is engineer on a boat on the Arkansas river, and his address is Little Rock. He says that S. S. S. has relieved him of blood poison, which was the result of malaria, and that it prevents chills and fever by toning up the system. He takes it in the spring and summer months to prevent sickness from the malaria of the swamps on the river.

MR. L. M. GUELLA of Vicksburg, Miss., says that his system was poisoned with nicotine from the excessive use of tobacco in smoking cigarettes. He could not sleep.
